Dear Parents:

We are excited to offer our families a **FREE** and engaging after-school learning program focused on academic and enrichment for our students in grades 1-8. Our program puts a strong emphasis on reading, mathematics, and STEM activities for our Elementary students and Art and Drama for our Middle School students. Each site offers a unique variety of recreation and enrichment activities. Students will also receive homework help and a daily meal.

Instructional activities are provided by certified teachers (Dillon and Merrill Students) or contracted instructors from Woodlawn (RFMS Students). All District 13 COVID-19 safety protocols will be followed during the after-school program.

The attached enrollment form must be completed and returned by September 16th for each student who is seeking to participate in a 21st CCLC After-School Program.
